2015
KESWICK
Film Festival

The 16th Keswick Film Festival kicks off on **Thursday 26th February** at the 100 year old Alhambra Cinema and continues until Sunday 1st March with films not only at the Alhambra but also in the auditorium and studio at the Theatre By The Lake. This year's themes that will form the backbone of the programme are **On Yer Bike**, **(dis)ABILITY** and a celebration of the 20th anniversary of **Dogme 95**. And of course there will be the usual **Best Of Fests**, **Osprey Award** for Short films, **Keswick Peace and Human Rights** films with speakers, and documentaries – some of which will showcase the wonderful screen at Rheged.

On Yer Bike is a collection of documentaries that explore our love of two wheels. There are three films featuring bicycles and motorbikes. **One Crazy Ride** shows what you can do with a motorbike, a camera and a will that defies explanation; this will be screened at Rheged on the giant IMAX screen to show off the stunning scenery as well as portraying one amazing journey.

(dis)ABILITY aims to bring films that portray persons with a disability in a way that may not be what you expect. **The Tribe** is one of those unforgettable cinematic experiences that will stay with you long after the final scenes. It's a really unusual film – 'an intriguing film – I can't stop thinking about it' says Peter Bradshaw, a film critic who must have seen thousands of films.

Then there will be films made locally, films and talks arranged by the Keswick Peace and Human Rights Groups workshops and guests – we hope there will be something for everyone, including the free family film, and a late night frightener.

So whatever your taste in cinema we are sure to have at least one film for you and who knows, may well encourage you to explore more that is on offer. Sign up on the website www.keswickfilmfestival.org for regular emails about what's happening as plans unfold.
