Keswick Film Festival

25–28 FEBRUARY 2016

Cumbria's answer to Sundance – an annual celebration of cinema set within stunning mountain scenery – is back for another year of exciting, unusual, little-known and top quality film. This is your chance to experience around 30 of the best UK independent and international films over four days and all in the spectacular surrounds of Keswick.

Themes this year include the work of women film directors, a celebration of jazz – very apt given Keswick's well known Jazz Festival – and an exploration of the relationship between film and memory. There will also be a showcase of the 'best of the fests' – a selection of award-winning films from prestigious festivals across the globe, such as Berlin, Cannes, Venice and Toronto.

THIS YEAR'S FILMS TO INCLUDE:

The Wolfpack
Imaginaerium
This Changes Everything
Round Midnight
Ornette: Made in America
A Girl Walks Home
Alone at Night
The Yes Men Are Revolting
On the Side of the Road
Karun
Lapse of Honour
